Lake to Sea Trail Ride

31st October 2026
The Tokomairiro High School PTA is once again helping to organise the annual Lake to Sea Trail Bike Ride for our school. This is a major fundraiser and helps all students in so many different ways. We are in need of marshalls on the day, even for just a couple of hours. We are also asking each family to please donate 1 bag of small chocolate bars and 1 box of muesli bars.
Please drop donations to the school office by Friday 16th October.
Contact the PTA on pta@tokohigh.school.nz

Class Act Awards

On Friday, Mrs Wish had the privilege of attending the 26th Class Act Awards in Dunedin.
"Our recipients this year were Kendra Clark and Pippa Greene. The Class Act Awards recognise outstanding Year 13 students from across Otago and also come with a scholarship to the University of Otago. Kendra was able to attend on Friday to receive her award, while Pippa was unfortunately unable to be there as she was away on the Waitangi trip.

The Prime Minister spoke at the awards about how impressed he was by the calibre of the young people from across Otago. I can honestly say that this is certainly reflected in our two recipients. Kendra and Pippa have both made a huge contribution to Tokomairiro High School and are very deserving recipients of this prestigious award. We are incredibly proud of them both".

Kendra Clark

Pippa Greene

Tokomairiro High School Newsletter
30th September 2026

RESPECT WHAKAUTE | RESPONSIBILITY HAEPAPA | EXCELLENCE HIRANGA

Tēnā koutou katoa,
I hope everyone is enjoying the first week of the school holidays. The weather has certainly been a bit of a mixed bag so far, although some of our students have managed to escape it! I hope everyone enjoys the rest of the first week of the holidays and, for those travelling, safe travels.

Waitangi Trip

Last week a group of our students headed north on their Waitangi trip and, judging by the photos we have seen, they are having a great time. The weather definitely looks better than it has been down here!
So far, the group has visited Ōkaihau College and the Waitangi Treaty Grounds, as well as fitting plenty of other things into their time away. This is a fantastic opportunity for our students and I am sure it will be an experience that they remember for many years to come.
A huge thank you to the staff who have given up part of their holidays to make the trip possible.

House Competition

The House Competition continues to be very close this year. We have also introduced a couple of new events this term, with the Bridge Building Competition earlier in the term and our inaugural 'Riff Off' last week.
Reid took out the first Riff Off and added some more valuable points to their total.
Updated House points will be announced early in Term 4. With only one term remaining and not much separating the Houses, it could be a very close finish this year.

Term 4

A reminder for our senior students that Term 4 starts with Derived Grade Week. Hopefully they are managing to enjoy some of their holiday while also finding some time to prepare for the assessments that begin when we return.

Scabies

We have been made aware of scabies within the wider community, so I thought it was worth including some information for whānau.
Scabies causes an itchy rash, with the itching often worse at night. It is easily spread through close skin-to-skin contact and can also be spread through shared clothing, towels and bedding.
If you think someone in your household may have scabies, please speak to your pharmacist or healthcare provider about treatment. Everyone in the household should be treated at the same time, even if they do not have symptoms, and bedding, towels and clothing will also need to be washed.
More information is available through Health New Zealand | Te Whatu Ora.

Ngā mihi,
Vicki Wish

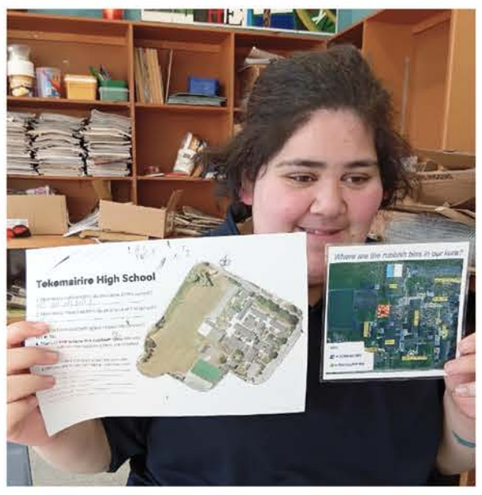
SPEC Class Leads the Way

This term the SPEC class has been working with Hannah McCleary from the Clutha District Council. We did an audit of rubbish and recycling bins around the school and mapped them out with Hannah's help. We then had a go at making our own maps. These are now distributed around the kura to help keep our school rubbish free! Alex (below) shows the mahi and the finished product.

The SPEC class has also completed our Tetra Pak clean up for Term 3. They cleaned, cut, and processed 84 Tetra Paks, taking our total for the year to 899! Keep them coming in next term so we can crack 900. Big thanks to Skye, Cooper, Alex, and Peter for their mahi - and thank you to our community for supporting this (including our peers who have been bringing their Up & Go empties in!)



What's been happening in Science in Term 3?

Miss Curralls' Year 9 and 10 Core Science have been learning about the signs that indicate that a chemical reaction has taken place - one of these is colour change.

We learnt how to do a titration where we looked for colour change in a liquid. This involved learning how to pipette liquid, use a burette and take care of glassware.

Bible Reading for the Week

Above all, love each other deeply, because love covers over a multitude of sins. *Peter 4:8*

Year 7 & 8's proudly Donate

The 7/8 Mil class has finished their donation to the Otago Daffodil House. This is part of the Bags of Hope scheme that shares student artwork with people undertaking cancer treatment in our region. 7/8 Mil kept with a daffodil theme this year and used some 3D elements. We hope these brighten someone's day.

OSTC Carpentry Level 3 – A Job Well Done!

Last week Mrs Burgess had the chance to visit Big River Homes in Balclutha and see the fantastic progress made by five Tokomairiro High students completing the OSTC Building and Construction Level 3 programme.

A huge well done to Liam, Jacob, Oscar, Toby and Mahadev, who have spent two days a week gaining practical, hands-on construction experience and developing skills in areas such as using tools and materials, working safely on site, measuring and calculating, and working together as part of a construction team.

Their part of the build is now complete, and it was great to see what they have achieved. From here, the other trades will come in to complete the finishing work before the building is ready to be moved to its new home.

This is such a great example of what vocational education can offer our students: getting out of the classroom, learning alongside industry, developing real-world skills and getting a taste of where a career in the trades could take them.

Well done, Liam, Jacob, Oscar, Toby and Mahadev. You should be proud of what you have accomplished!

For more information on this programme and the many others we have to offer contact Leanne Burgess - Careers Advisor & Gateway Teacher (leanne@tokohigh.school.nz)

Remembering Lorraine Tapp

It is with great sadness we acknowledge the passing of a true community netball legend, Lorraine Tapp. Lorraine held an Otago Netball Association Service Award, Netball New Zealand Service Award and life membership of both South Otago Netball Centre and Netball South. These awards are acknowledgements of the hundreds of thousands of hours she willingly gave to foster, grow and support netball in the south by umpiring, coaching, playing and administrating the game.

Lorraine was a pivotal member of the Milton Netball Association from 1967 until it was wound up in 2000. She held many roles within the organisation including annual fund-raising activities. From 1972 she was the Coach and Selector of the Milton Representative teams. The Milton Umpires Association was founded in 1979 but Lorraine had long been involved in umpiring every Saturday prior to the formation of the group. She remained a member of the committee until the group was disbanded in 1997. Simultaneously, Lorraine was the driving force behind Netball at Tokomairiro High School. It would be a fair claim to say that high school netball at "Toko" would never have survived and flourished without Lorraine's enthusiasm, interest and input. She coached the A and B teams from 1971 until 2012, a period of 40+ years. Lorraine attended every South Island Secondary Schools Netball Tournament since 1977 until her retirement (with the exception of one year). In 2011 and 2014 Toko won the B Grade competition – a source of great jubilation. In 2013 Lorraine honoured with a SISS Service Award.

In 2015 as Dunedin Netball Centre and the organisations that had gone before it (Otago Netball Assn and Union) celebrated its Centenary we recognised a group of legends in the game. Lorraine's contribution to our region was significant and extremely valued and she was worthy of being noted as a true legend during the weekend of celebrations.

The Genesis – Our Community, Our Stories

The Genesis is a weekly publication produced by Tokomairiro High School, sharing school news while also providing a community newsletter and noticeboard for the wider Milton community.

Our goals are to:

- Celebrate positive local news, stories and achievements.
- Promote the activities of our schools, particularly Tokomairiro High School.
- Share information about local clubs, groups, activities and events.

The Genesis is delivered free to households and businesses throughout the wider Milton community. We proudly employ students and other local people to help with delivery.

It costs almost $50,000 a year to produce and distribute The Genesis. This is made possible through advertising, donations, sponsorship and support from Tokomairiro High School.

We are extremely grateful to our local businesses, organisations and individuals who continue to support us. Our regular advertisers and sponsors play an important role in keeping The Genesis going.

The Genesis has no paid reporters. We rely on our community to provide stories, news and photographs, and we are especially grateful to the many clubs and groups who regularly send us their reports and event information.

Donations: Donations are always welcome: Tokomairiro High School, Account: 03 1736 0009803 000, Reference: GENESIS DONATION

Donations can also be placed in the secure box in the Genesis office door or payments can be made via the Kindo QR code.

Thank you to everyone who supports The Genesis. Your contributions help us keep our community connected and ensure local stories continue to be shared.

Scan the QR code for more information about Genesis advertising

JO'S OCTOBER NEWS

Hey everyone Its great to be out there and back into the swing of Real Estate. Weather we hope is on the up with sunshine coming out and will begin to settle down and bring us some warmer days. Spring flowers are popping up and bleating lambs are music to my ears.

Our market here in Milton is cranking up
as it always does this time of year.
Get your house ready and on to Sell Now?
We generally see a flood of homes hit the market. The days are getting longer, gardens are looking great, and houses tend to show their best side. It's no wonder many people aim to sell now and get settled before the holiday season kicks in. But here's something to think about: when everyone lists at once, buyers suddenly have loads of options. That can slow things down and make it harder to stand out. More choice means more competition and that can affect how quickly your home sells and what price you get.
So hurry along and call me to get on the move now

Jade Findlay

EXCITING NEWS IS WELCOMING JADE FINDLAY OUR NEWEST CUTLERS TEAM MEMBER. SHE WILL BE WORKING WITH ME AROUND OUR HOME TOWN OF MILTON AND SURROUNDING AREAS. SHE WILL ALSO VENTURE INTO THE RENTAL MARKET.

Milton Primary School Community Newsletter Term 3 2026

Tūhura

This term, our Tūhura learning focused on technology within the farming industry. Our senior students investigated real-world challenges faced by farmers and used the design process to create clever, practical solutions. Meanwhile, our juniors explored different types of farms, identified common pests, and built their own traps. Along the way, we were fortunate to welcome many visitors to school who generously shared their expert knowledge with us. To top off the unit, the whole school headed out for an exciting day at a local farm, where tamariki watched sheep being shorn, helped feed calves, inspected farm machinery, learned about dog safety and animal health and much more. A huge thank you to all our guest speakers and to our amazing farm hosts for opening their gates and making this hands-on learning possible!

Book Week

Book Week was a fantastic celebration of reading across our whole school. Each day included buddy reading sessions and reading-themed activities designed to foster a love for books. During our arts afternoons, students chose creative workshops based on different stories to craft their own artwork. To wrap up a brilliant week, everyone came together for our dress-up day, bringing their favorite book characters to life in full color!

Giving it a Go!

Stepping out of comfort zones and embracing new challenges has continued to be a huge theme for our tamariki this term. A group of students enjoyed trying their hand at golf, while others developed their skills in energetic Physical Education sessions. We also hosted The NED Show, an educational assembly that encouraged our kids to Never give up, Encourage others, and Do your best. The show featured some impressive yo-yo tricks, prompting many students to take up yo-yoing afterward as a hands-on way to practice perseverance.

Cross Country

Our students showed fantastic determination at the Milton School Cross Country, tackling their races with impressive grit and perseverance. Competing alongside neighboring schools, they cheered each other on, and embodied our school values from the starting line to the final stretch. Whether striving for a personal best or simply crossing the finish line with a smile, every student represented our school with pride.

Otago Volts Visit

The Otago Volts brought plenty of excitement to our school as players led an energetic session packed with fun cricket skills. It was a great chance to learn from the professionals and for some, to try out a new sport for the first time! We are excited to follow their season.

Polyfest

Polyfest remains a highlight on our school calendar, taking our weekly Kapa Haka practice to an even bigger stage. It gives our students a vibrant opportunity to share with the wider community, connecting with rich cultural traditions and building confidence through performance. Seeing them take to the stage with such pride and passion made for another unforgettable experience.

News from the Trenches

Welcome to the latest weekly update from the RSA where we deal with facts and hilarity in equal measures. First up, don't forget our Quiz night this Friday which is looming large with some quality teams (so they claim) being formed. This Quiz night is open everyone, not just RSA members. So if you are looking for a top night entertainment then RSA is the place to be on Friday with quiz commencing at 7pm. Our resident Quiz Master Bruce Graham will produce the questions. Also there is an auction during halftime with some amazing donated prizes.
Also our NPC Comp is starting to head into the final rounds where points values starting to increase making every game essential in being correct. Based on rumours, I understand it's been another difficult week for large scores. The leaderboard is becoming very very interesting indeed.
Also congrats to Tanya Manson who won the massive chilly bin last Thursday. The size of it, definitely allows for a lot of potential mischief could be on the cards over the summer months.
Coming up in the next few weeks, we will have the Spuds available for selection. So make sure your best concoction are ready to encompass for our World Famous Spud Comp.
There is a rumour going around we might have a couple of RSA members attending the 2026 Sausage Fighting World Championship so good luck with their weapons and training.
Lastly for Pikes Fact Hunt did you know that crocodile can't physically poke their tongue out!!!
See you Friday night make sure you are there!!!

St John Scholarships Offered

Two $1000 Hato Hone St John scholarships for prospective new healthcare workers in Milton

Hato Hone St John is offering two $1000 scholarships to Milton residents and students who are looking to take up a career in healthcare.

Funded by donations from the local community, the two scholarships offered by the Milton Area Committee are to help residents and students who wish to study a healthcare-related course or degree at a time when communities struggle with the cost of living, and the country suffers a growing shortage of doctors, and nurses across multiple disciplines.

Hato Hone St John Milton Area Committee Chairperson, Marie Smith says it is important that local fundraising is used to give back to our local residents and students.

"Otago University and Otago Polytech are a stone's throw from Milton. A large portion of our local high school students typically study some form of health-related study there.

"After tremendous local fundraising, we wanted to give back to the local Milton-Bruce District, and to support the healthcare industry nationwide."

Applications can be submitted from Monday 28th September until Saturday 31st October 2026, with successful recipients being notified by Monday 9th November. The minimum age for applicants is 16 years old.

Contact oli.blackbourn@stjohn.org.nz for an application form, or any questions.
