NZ Certificate in Sport Coaching (Level 3) Graduates

Today marks a special milestone as we celebrate our first eight students to complete the New Zealand Certificate in Sport Coaching (Level 3) through our partnership with the Waikato Institute for Leadership & Sport Studies (WILSS).
After two years of commitment, practical learning and personal growth, these students have achieved something fantastic!
Congratulations to our eight graduates:
Jacob Booth, Jamin Falwasser, Oscar Hasler, Liam Keoghan, Thomas Lee, Millanian Potae, Jackson Savage, Toby Stevenson.
Throughout the programme, students have developed valuable skills in leadership, coaching, communication, planning, teaching, teamwork and managing themselves. These are skills that extend well beyond sport and will serve them in their future pathways.
As our first graduates through WILSS, they have helped establish an exciting opportunity for future Tokomairiro High School students.
Our graduates will formally receive their certificates at our upcoming school prizegiving.
Congratulations to all eight students on this fantastic achievement!

Otago Secondary Tertiary College Graduations

A huge congratulations to six of our Tokomairiro High School students who celebrated their graduation from the Otago Secondary Tertiary College (OSTC) programmes on Friday 30 October, at a special prizegiving ceremony held at Otago Polytechnic.
We are incredibly proud to acknowledge the achievements of:
OSTC Building and Construction - Level 2

- Sioeli Pulu

OSTC Building and Construction - Level 3 (Big River Homes)

- Oscar Hasler
- Jacob Booth
- Toby Stevenson
- Liam Keoghan
- Mahadev Mamgain

A further congratulations goes to Oscar Hasler and Mahadev Mamgain, who were each presented with an additional certificate recognising their excellent attendance throughout the programme. This is a fantastic achievement and reflects their commitment, reliability and dedication to their learning.
Throughout the year, these students have had the opportunity to step outside the traditional classroom and experience hands-on learning in the building and construction industry. Through their OSTC programmes, they have developed valuable practical skills, gained industry knowledge and built confidence while working towards nationally recognised qualifications.
Programmes like OSTC play an important role in helping our young people discover their strengths, explore career opportunities and make informed decisions about their futures. For students interested in the trades, these experiences provide a fantastic stepping stone towards apprenticeships, further tertiary study and employment.
We are especially grateful for the opportunities provided through Otago Polytechnic and Big River Homes, whose commitment to supporting young people helps bridge the gap between school and the workplace.
At Tokomairiro High School, we recognise that success looks different for every student, and pathways such as OSTC provide meaningful opportunities for our students to learn, grow and succeed beyond the classroom.
Congratulations, Sioeli, Oscar, Jacob, Toby, Liam and Mahadev! Your hard work, commitment and achievements are something to be proud of. We look forward to seeing where your skills and ambitions take you next!

Tokomairiro High School Newsletter
28th October 2026

RESPECT WHAKAUTE
RESPONSIBILITY HAEPAPA
EXCELLENCE HIRANGA

Tēnā koutou katoa,
It is hard to believe that we have already reached the final week of classes for our senior students. The year seems to have flown by and our Year 11–13 students are now completing their final preparations for NCEA examinations, which begin next week. For our Year 13 students, this is also their final week of classes at Tokomairiro High School, a significant milestone that I will reflect on more next week.
Meanwhile, our junior students continue with their learning and this week, students in Years 7–10 will complete their SMART assessments in reading, writing and mathematics. These assessments provide valuable information about student progress and help our kaiako identify strengths and areas where further support or extension may be needed.

Outstanding ICAS Achievement
We are absolutely delighted to share some exceptional academic news. Year 12 student Brigitte Gong has been awarded two ICAS medals for her outstanding results in Mathematics and Science.
ICAS is an internationally recognised academic competition that has been running for more than 40 years, involving students from 41 countries and over 16,000 schools. The assessments challenge students to apply their knowledge, problem-solving abilities and higher-order thinking skills.
ICAS medals are awarded to the highest-scoring student in each subject and year level across New Zealand. This means that Brigitte achieved the top Year 12 score in the country in both Mathematics and Science! To achieve this in one subject would be remarkable, but to be recognised as the highest-performing student in New Zealand in two subjects is an exceptional accomplishment.
This is a wonderful recognition of Brigitte's academic ability, dedication and hard work. We are incredibly proud of her achievement and I am sure our whole school community will join us in congratulating her. Well done, Brigitte!

Lake to Sea Trail Ride – Worth the Wait!
After two years of cancellations, it was fantastic to finally see the Lake to Sea Trail Ride take place last Saturday. Given Friday's hailstorms, there were certainly a few nervous moments about what the weather might have in store, but thankfully the day was a great success!
Riders travelled from across the South Island to take part and the feedback was overwhelmingly positive, with many commenting on what an amazing day they had.
A huge thank you to our staff, PTA and community members who volunteered their time to help make the day such a success. A particularly big thank you must go to Griff and his team, who put countless hours into preparing and organising the ride. The amount of work that goes on behind the scenes is enormous and their dedication, particularly after the disappointments of the past two years, is greatly appreciated.
It was wonderful to see the event back on the calendar and so many people enjoying what our local area has to offer.

Year 8 Inspiring Futures Day
Last Friday, our Year 8 students attended Inspiring Futures Day in Balclutha, where they heard from a range of speakers about their personal journeys, the challenges they had faced and what had helped them get to where they are today.
It was a valuable opportunity for students to hear about different pathways and begin thinking about their own futures. One of the important messages from events like this is that there is no single pathway to success and that the decisions we make, the opportunities we take and the effort we put in can all help shape our futures.

Teacher Only Day – Friday 13 November
A reminder that Friday 13 November is a Teacher Only Day. There will be no classes for students on this day.

Orientation Day

We will be holding an orientation day for all incoming 2027 year 6 students on Monday 30th November. Please note the change in date.
Students can arrive at school from 8.40am and will be returning to their primary school at 12pm. Any questions please email erica@tokohigh.school.nz

Milton Elder CARE Trust

October was another busy month for Milton Elder CARE.
We started the month with a game of housie , we also had during the month A Quiz Day, The St John lady came and spoke about the medical alarms offering advice on who should have one and why. She did mention not to be afraid to push the button .Connections, a singing group from Balclutha entertained us.Lunch out was at the RSA Mosgiel. (Great Food) Les gave a talk on his recent Holiday to Auckland,Thanks Les sounds like you had a great time. Craft day was a lot of fun . Kaye showed us how to make a worm go up a leaf.:) The last day of the month was to be a picnic but oh no the weather had other ideas so a movie it was. We also had a team go to Balclutha to the masters Games. Everyone was a winner and a great afternoon was had.Remember if this sounds like you are and a fun two days a week including a great cooked meal then do not hesitate to call me. Happy November. Phone 021 086 66054.

Articles & Reports
Genesis relies on articles and reports supplied by the community to fill our pages. Please email these to genesis@tokohigh.school.nz

Student Voting

We have been learning about democracy and elections in our Year 9 and 10 Social Studies class. In New Zealand, people can vote to choose their leaders and have a say in how the country is run. Elections are held every 3 years, and people aged 18 or over can vote. New Zealand uses the MMP system to elect members of parliament to represent our interests.
Last week, we were able to put our learning into practice and assist Mr Simpson in our school prefects election. We had to get everyone's full names and cross off their names off the roll so they could only vote once. Once we crossed off their names we told them to go to a letter of a stand where they got to vote who they wanted from 1 - 16. Then once you vote, they put their slip in a box then they leave and are finished.
We were able to see the hard work that goes into elections, and making sure the democratic process is followed.
- Lilly and Jada-Rose

News from the Trenches

This week column should be a better effort than last week. That was created in trying circumstances but we're firing on all cylinders this week.I know you have all been waiting for announcement of our NPC Comp winner and congratulations goes to Donna Williams who reigns supreme and takes the title of Champion Tipster. Closely followed in second was Snow Cowie with Kieran Calteaux and Lammy Moana tied for 3rd. Prize giving was an excellent night. Super Rugby comp may be run in February, final decision yet to be made. This weekend AB pick the scores returns with AB vs Scotland on Sunday morning. Norm Macleod told me he'd be wearing his kilt with pride. You would have noticed the crosses are displayed at the cenotaph to mark Armistice Day on 11 November at 11am. We are calling for entrants for the 2027 Darts Extravaganza which is being held on 3 Saturday starting 9 January. I understand some are practicing already and Ive heard of a couple new competitors who are dark horses. So get your name included. I heard of a story about an RSA member who locked themselves out of their house. Being security conscious, no window to clamber through and starting to rain, was forced to walk to their partner place of work for a key.
Finally Pikes Fact Hunt did you know the moon is drifting away from Earth. Not that you can notice as it's the large space of 3cm per year. *Private Spike Pike*

ELECTIVES AT MILTON PRIMARY

This term, our afternoons have had a fantastic buzz as our tamariki started our new Electives sessions for this term. One afternoon each week, students opt into small groups based on their interests, strengths, or a desire to give something new a go. Our focus is on high engagement, practical skills, and learning alongside staff and community experts. Activities range from visiting Sinclair Wetlands, preparing for the local A&P show, and creating a Sensory Garden, to dance, sports, visual art, technology challenges, and digital technology. It is fantastic to watch students work alongside their peers while learning new skills and sharing their own knowledge.
It has been great to see our tamariki excel outside the classroom environment. We look forward to celebrating their continued growth and achievements as the second block of electives starts! A big thank you to our community volunteers who generously share their time and knowledge to make these experiences possible.

Clutha District Council

Have your say and help shape our Community Libraries

Clutha District Libraries are encouraging people across the district to have their say in the Public Libraries NZ Community Impact Survey and share what they value most about their local community library.

The survey, which opened today at 9am, is being run nationally and gives library users across New Zealand an opportunity to provide feedback about their experiences, the services they use and what matters most to them.

When completing the survey, people can select Clutha District Libraries as their library network, ensuring their feedback contributes to a clearer picture of what our local communities value about their libraries.

Clutha District Libraries Manager Melissa Ellison said the feedback would be valuable for the district library team.

“Our libraries are here for our communities, so hearing directly from the people who use them is incredibly helpful. It doesn’t matter if you only pop in from time to time, or if you’re a regular visitor. We’d love to hear from everyone about what they value most and the services and activities we provide.

“We’d really like to see a strong Clutha District response to the survey. The more feedback we receive, the better understanding we have of what matters to our communities.”

The survey only takes around five minutes to complete online. Follow the link to take part: https://www.surveymonkey.com/r/2026PLNZ

Paper copies of the survey are also available at all of our local Community Libraries, and at Council’s Rosebank office.

The survey closes at 5pm on Friday, 18 December 2026.
