

ICT Agreement 2020

Kia ora **STUDENT NAME**

At Tokomairiro High School we expect students to demonstrate The Tokomairiro Way: Respect, Responsibility and Excellence.

To have access to ICT resources such as Chromebooks and the school network, you need to confirm that you understand that we expect to demonstrate these values when using equipment belonging to the school or accessing the network or internet.

In 2020 there is a bond attached to the use of the Chromebook, so demonstrating the school values is of even higher importance.

Your teachers will help you work through what The Tokomairiro Way looks when using ICT, but some examples are:

RESPECT

- You will demonstrate the same levels of respect to people on line as you do with other ways of communicating
- You will treat your Chromebook with care: using the provided case and doing your best to avoid damage

RESPONSIBILITY

- You will bring your Chromebook fully charged to school each day
- You will report breakages and issues to the school

EXCELLENCE

- Your Chromebook and the internet are provided to support your learning. Use them and take every opportunity to achieve to your potential.

I agree to Demonstrate The Tokomairiro Way when using ICT resources provided by Tokomairiro High School.
